

Desperate Hope
When People Don't Get It
Scripture reading: Numbers 14:1-19

- I. Moses followed his calling from God and was faithful to lead God's people with a God-given vision.

- II. Many people never bought into the vision; they were just along for the ride.

- III. When things get difficult and challenging, these people will complain and grumble and try to persuade others to abandon the vision.

- IV. God's faithful leaders must learn to deal with loneliness, rejection, and negativity.

- V. God's faithful leaders continue to love, forgive, and lead those who will follow the vision.
