

Exploring Hope in Wonder
The Physics of Relationship

Scripture reading: Genesis 1:26-28

- I. Physics explores the nature of reality.
- II. The study of physics reveals that reality is both ordered and incredibly dynamic.
- III. When we pursue the importance of relationship, we explore the nature of our creator.
- IV. God made us for relationship with Himself.
- V. God made us for relationship with self.
- VI. God made us for relationship with others.
- VII. God made us for the creation itself.
